Gentlemen,

Enclosed please find two discs. One disc contains additional documents produced by the Greens that are bates numbered GOGreen 006531 to 012164. The second disc contains electronic versions of telephone conversations and is bates numbered GOGreen 012165. These documents are being produced to comply with Magistrate Furse's recent discovery orders (Dkt. Nos. 438 and 439).

To further comply with Magistrate Furse's orders, we also direct you to documents that are bates numbered GREEN 000001-000529 and SBSU 000001-000151 that were previously produced to you in the Grass Valley Holdings, Inc. bankruptcy case as part of the proceedings relating to the motion to approve the settlement agreement that involved, among other things, the Springville property. Because those documents are already in your possession they are not being produced again.

Also enclosed is a supplemental response to Standard Plumbing Supply Company, Inc. and Richard N. Reese's interrogatory no. 19 as ordered by Magistrate Furse. Since the Greens already provided a supplemental response to interrogatory no. 22 approximately one month ago, they have already complied with Magistrate Furse's order to supplement that interrogatory.

Very truly yours,

RAY QUINNEY & NEBEKER
